

# Prity Rastogi

## Node JS Developer

### PROFESSIONAL SUMMARY

Results-driven backend developer with expertise in Node.js and strong problem-solving skills. Collaborative team player with excellent communication and time management abilities. Proficient in JavaScript, RESTful APIs, and database systems. Dedicated to delivering efficient and reliable backend solutions while staying up-to-date with emerging technologies.

### PROJECTS

#### 1. Online Meeting Application | 🌐 | 🇮🇳

HTML5 | CSS3 | Javascript | Node.js | Express.js | MongoDB | JQuery | Redis | Socket.io | WebRTC

- Implemented login, signup, and logout functionality for user management.
- Users can effortlessly join rooms using room codes or create their own rooms, allowing multiple simultaneous participants.
- Enabled real-time audio and video streaming, alongside instant messaging with timestamp and emoji integration.
- Users can record sessions, download recordings, and take screenshots for easy sharing.
- Implemented real-time language transcription with language switching support for languages like Hindi, English, and Spanish.
- Integrated a calendar feature allowing users to schedule events, tasks, and interviews, and block time slots for availability.

#### 2. TrackerJet | 🌐 | 🇮🇳

HTML5 | CSS3 | Javascript | Bootstrap | Node.js | Express | MongoDB

- Includes user registration and login functionalities
- Implements OTP verification to ensure secure access.
- Enables students to create, organize, and set alarms for their tasks efficiently.
- Facilitates a platform for students to ask questions and receive answers from peers, fostering collaborative learning.
- Provides a canvas for students to engage in mind mapping activities, aiding in visualizing concepts and ideas.
- Allows students to write down quick notes for future reference, enhancing organization and productivity.

### ACHIEVEMENTS

- **Construct Week Winner**, Masai School
- **Half Zoom Marathon Challenge**, Masai School
